

Title: Memory Maze (90210 Drifting)

Genre: Experimental Hip-Hop / Atmospheric Trap

BPM: 75

[Introduction]

(Ethereal synths with heavy echo, wind sounds, and a distant vocal sample)

Jacques turned La Flame...

My granny called, she said: "Travie, you work too hard...

I'm worried you'll forget about me."

[Verse 1: The Void of Success]

I been flyin' out of town for some peace of mind

The career's more at stake when you in your prime

That money coming and she love me, I done made it now

I been focused on the future, never on right now

What I'm sippin' not kombucha, either pink or brown

Falling in and out of cuffs, don't worry, I'ma get it, Granny

I done found life's meaning now, but I'm still feeling uncanny.

[Pre-Chorus: The Tension]

Day 'n' nite, I toss and turn, I keep stressin' my mind

I look for peace, but see I don't attain what I need for keeps

The lonely stoner seems to free his mind at nite

In a game where I'm first, but surely finish last in my sleep.

[Chorus: The Impossible]

Nights like this, nights like this, I wish I could do the impossible

Tryna bring back what's gone, make the ghost tangible

This the time of the year I feel alone

Longe from home, on the west side on my own

I wish I could do the impossible...

Dribbling through the longing, making the past accessible.

[Verse 2: Houston Flashbacks]

I don't wanna wake up, want you spread out on the sheets

Controllin' how you movin', lucid dreamin' through the streets

The Sun is shinin' man, but I'm feelin' blue

I might need me some ventilation, a little vacation too

We always forgive, but don't forget easily

Life is just a maze, goin' through my phases, believe me

I don't want your apple pie, mama, I need my own recipe

Need my own legacy, my own remedy, my own destiny.

[Bridge: The Regret]

And I always find, yeah, I always find something wrong

You been puttin' up with my shit just way too long

Baby, I got a plan: run away fast as you can

Before the Rodeo takes you and you lose the man I am

I know I did damage, 'cause the look in your eyes is killing me

If one day you just up and leave, how I'ma manage the scenery?

[Chorus Final]

Nights like this, nights like this, I wish I could do the impossible

Where the shine of everything ain't always gonna be gold

I'm on the pursuit of happiness, tryna get it right

If I fall, if I die, know I lived it to the fullest tonight.

[Outro]

(Rotation sound, voice getting slow and distorted)

Room's spinning, room's spinning...

Why did I drink so much and smoke so much...

In the 90210... looking for that alley...

Looking for the peace... that I left behind... (Fade out with a muffled heartbeat)
